Fresh Bunks Dashboard Functionality Test	Medium	QA-FB-004	04	08-09-2023
TEST DESCRIPTION		TEST DESIGNED BY	TEST EXECUTED BY	EXECUTION DATE
Order status is viewed by user through login credentials.		@Suraj Shah	@Suraj Shah	08-09-2023

TEST DESCRIPTION	TEST DEPENDENCIES	TEST CONDITIONS	OUTCOMES
Functionality at dashboard is observed.	Refer to test case QA-FB-001 for order placement.	Preconditions: 1. The Fresh Bunks hostel laundry system is accessible and operational. 2. Users and administrators are registered and can log in. 3. Users and administrators have performed relevant actions (e.g., placed orders for users, managed orders for admins).	1. The user and admin dashboards function correctly, displaying relevant information and options. 2. Users and administrators can access their respective dashboards. 3. Users and administrators can log out successfully.

STEP	STEP DESCRIPTION	TEST DATE	EXPECTED RESULTS	ACTUAL RESULTS	PASS / FAIL	ADDITIONAL NOTES
1	Access the Fresh Bunks hostel laundry system while logged in as a user.	08-09-2023	User can access the page.	As Expected	Pass	NA
2	Log in as a user (for the user dashboard) or as an admin (for the admin dashboard).	08-09-2023	The user or admin dashboard should be displayed based on the login credentials.	As Expected	Pass	NA
3	Verify User Dashboard: For the user dashboard, check for elements such as order history, account details, and any relevant user-specific options. Ensure that the order history displays the user's placed orders with their	08-09-2023	The user dashboard should provide access to order history and account-related functions.	As Expected	Pass	NA

	status.					
4	Verify Admin Dashboard: For the admin dashboard, check for elements such as order management, user management, and any relevant admin-specific options. Ensure that the order management section allows administrators to view and manage orders (e.g., update order status, view order details).	08-09-2023	The admin dashboard should provide access to order management and admin-specific functions.	As Expected,	Pass	NA
5	Interact with Dashboard Elements: For the user dashboard, try accessing the order history and check if the displayed orders match the user's previous orders. For the admin dashboard, try viewing order details and updating the status of an order.	08-09-2023	The dashboard elements should function as expected, allowing users to access relevant information and perform necessary actions. .	As Expected	Pass	Verify that dashboard elements are responsive and user-friendly
6	Logout: Locate the "Logout" button in the user or admin interface. Click	08-09-2023	The user or admin should be able to log out successfully.	As Expected	Pass	Consider additional test cases for scenarios like updating user information, managing user roles (for admins), and handling

	the "Logout" button				errors or exceptions within the dashboard interfaces
