## Retrospective

 Add your Start doing, Stop doing, and Keep doing items to the table below. We'll use these to talk about how we can improve our process going forward.

Start doing	Stop doing	Keep doing
Be more pro-active for providing daily updates. Members are making sure that timely updates/changes/modifications are communicated to the team, specially in case of any dependency of work.	Avoid skipping daily updates routine via WhatsApp. Few daily updates have been skipped. If no work is done in the time interval, the same should be communicated in the daily update conversation thread.	Being adaptive and welcoming to accept work which was earlier assigned to other member. Members are now more frank and less hesitant in case of hiccups faced and more collaboration is being practiced.

## Action items

- ☐ Appreciate the work done so far and push/boost to wind up the work before deadline (feedback system)
- ☐ Implement a code review checklist to catch potential issues early.
- ☐
